6 NOV 1981

MEMORANDUM FOR: Director of Central Intelligence  
 VIA: Deputy Director of Central Intelligence  
 FROM: Harry E. Fitzwater  
 Deputy Director for Administration  
 SUBJECT: Weekly Report for Period Ending 6 November 1981

DD/A REGISTRY  
 FILE: oam-1

1. Progress reports on tasks assigned by the DCI/DDCI:

The follow-up report on overtime trends during the past few years is in process; it will be forwarded on 9 November. ☐

25X1

2. Items/Events of major interest:

25X1

25X1

b. The communication relay station ☐ suffered an extensive fire in its transmitter site generator room on 28 October which left the transmitter site without an operable emergency power source. One generator is reportedly not field repairable and the undamaged accessories are being used to effect repairs to the second unit. Alternate Routing Plans will be implemented during any commercial power outages at the transmitter site until its emergency power capability is restored. ☐ A9c4.1

25X1

25X1

25X1

c. A newly installed SKYLINK (SC-3) terminal was formally activated ☐ on 30 October. ☐ A9c4.1

25X1

d. The communications facility ☐ lost all of its leased-line service on 28 October due to flooding caused by heavy rains. All leased-line service was restored on 1 November. ☐ A9c4.1

3. Significant events anticipated during the coming week:

25X1

A briefing on the proposed new building plans will be held on 9 November for the DDCI, Deputy Directors, and the Comptroller. ☐
